<b>REISSUE APPLICATION DECLARATION BY THE ASSIGNEE</b>		Docket Number (Optional) 1231RE	
At least one error upon which reissue is based is described as follows: Applicant believes that the original patent is partly inoperative or invalid by reason of the patentee claiming less than patentee had a right to claim in the patent. The original patent fails to include claims for certain preferred embodiments that are likely to correspond to marketed hair dye compositions. These preferred embodiments include agents limited to hair dye compositions, agents limited to containing a direct dye compound and agents containing preferred amounts of the developer and coupler. Claims 9 to 11 were added by the amendment dated January 6, 2006 and filed in this reissue application to claim these preferred embodiments. (Attach additional sheets, if needed.)			
All errors corrected in this reissue application arose without any deceptive intention on the part of the applicant.
